

Kansas Certified Seed Stone Order Form

Being close to KSU, I have noticed many Powercat engraved stones around town and thought that our Certified Seed logo might look good on one. I had a couple of samples made up and was impressed with how they turned out and thought perhaps some of our membership and friends might wish to purchase one to display and help promote their Kansas Certified Seed business. The larger stone can be customized to include your farm/business name. KCIA will be selling these at cost. Order yours today!

Text for Stone (Line 2) <small>as needed</small>	
Text for Stone (Line 3) <small>as needed</small>	

Display your pride in Kansas Certified Seed!

My intention is to place the order in time for stones to be picked up at summer seed meeting. Money would need to be collected prior to ordering the stones. I will work to get a proof to you for approval, prior to order being placed. Questions? Contact Eric at: 785-532-6118 or efkcia@kansas.net

Mail your order to KCIA, 2000 Kimball Avenue, Manhattan, KS 66502; Fax to 785-532-6551 or email to efkcia@kansas.net
